HEALTH MAIN MATTER NEARER RELATIONS.

This and Sanitation Declared the
Leading Problem in

PANAMA CANAL ZONE. WILL BE OPPOSITION

Minister Barrett Deems Yellow Fever
Reports Unduly Alarming, Saying
All Is Being Done to Pre-
vent Its Spread.

New York, May 20.—Sanitation and preservation of health is the one great problem which confronts the American authorities in the Panama canal zone, according to a statement given out by John Barrett, American minister to Panama, who arrived here on the steamer Advance from Colon. He considers as alarming the report that five cases of yellow fever exist at Colon, "because," he says, "up to the time these cases were reported no yellow fever appeared there, and it was hoped the situation was well in hand. I do not believe in deceiving the public in these matters," said Mr. Barrett. "It is far better that the truth be known. Existing conditions on the isthmus present many difficulties, and while it is not a case for pessimism, it is not engineering. It is not administration problems that are confronting us.

JOHN BARRETT, UNITED STATES MINISTER
TO PANAMA.

These are secondary considerations to the problems of health and sanitation. Here we have engineering problems that have been solved elsewhere and can be met, but the sanitation problem is a hard one and presents many difficulties. The climate is against us and is ever present. Under the efficient care of Dr. Georgas, the eminent yellow fever expert, everything possible is being done to offset the increase of mortality. Considering the enormous number of canal employees on the isthmus, a very small percentage of illness prevails, but you know how these things are. If one half were sick with malaria nothing would be thought of it, but when a case or two of yellow fever appears all employees want to quit and get away. I believe these sanitary and health problems will be met successfully, but they far overshadow all others.

"I am going to Bogota and hope to accomplish something to establish most cordial relations between Colombia and our country. Panama is now ripe for full re-establishment of cordial relations with Colombia, and all feeling of enmity caused by the revolution has disappeared. My personal relations have been most cordial at Panama and there is no truth of friction. On my departure I received a letter from the foreign minister. At Bogota I hold pleasant relations with General Reyes, the president."

SHAMEFUL, IF SO.

Much Property Is Said to Have Been
Secured Through It.

San Francisco, May 20.—The Chronicle says: "A scheme which was in operation in the tax collector's office for many months has just been uncovered, by which nearly \$1,500,000 worth of property has been secured for little more than \$100,000. Victims are city taxpayers, who were charged in some instances, it appears, wrongly with delinquencies. Profits have gone to a ring of tax scalpers who were assisted in every way possible by alleged defaulting Tax Collector Smith and some subordinates in his office. Records have been manipulated to keep the truth from coming out, and many poor people have had title to their homes placed in jeopardy without so much as knowing the shortage charged against them. A thorough investigation will be made at once into the matter to develop, if possible, the extent to which these irregularities have been carried."

Saw Notable Building.

St. Louis, May 20.—Reports of committees and miscellaneous business occupied the opening hours of Saturday's session of the American Baptist Missionary union. Prior to the beginning of Saturday's session a number of delegates made the trip to Pateville, on the outskirts of St. Louis, to visit the Baptist church, the oldest Protestant house of worship west of the Mississippi river.

Report of Committee States Sentiment Is Favorable.

Opinion of Commissioners Is Before
Final Action Shall Have Been
Taken There Will Be Con-
siderable Debate.

Fort Worth, May 20.—The question of uniting the Reformed and Presbyterian churches still remains a matter of speculation. Just before the close of Friday's sessions of the general assembly of the Southern Presbyterian church the report of the committee on closer relations was read and circulated in printed form on the floor of the convention. The report recommended the appointment of a committee to confer with similar committees of other churches as to the most advisable course to pursue in the premises. On motion of Dr. G. B. Stickler of Richmond, Va., the report of the committee was ordered to be referred to a committee of thirteen to be appointed by Moderator Plunkett. This committee will report back to the assembly its recommendations on the question.

In speaking of the proposed federation several of the older members of the assembly expressed themselves as decidedly opposed to a union. Some refuse to give their reasons but say that they will do so when the proper time comes. Although some hint has been made as to a possible union of the Presbyterian churches some time in the near future, none that were spoken to seem to think that there is a likelihood of such steps being taken in this assembly. It is probable, however, that matters regarding closer relationship with Northern Presbyterians will be taken up, some of the commissioners believing that it may lead to a final union. The report of the committee regarding the plan of federation is looked upon by some as being perfectly proper and in keeping with the usages of the church. The opinion of a great many is that the report will not be accepted in its entirety and that some changes will be made. None of the commissioners here will talk regarding this matter, preferring to wait until the question is brought before the assembly. The prediction is that many spirited debates will be heard on the question. No date has been set for the hearing.

Friday night services were in celebration of the Lord's supper, the sermon being delivered by Rev. Dr. G. B. Stickler of Richmond, Va.

TWO REASONS.

Either a Battle Imminent or a Base Has
Been Established.

Paris, May 20.—The apparently complete disappearance of the Russian Far Eastern fleet leads to the belief either that a battle is imminent or that Admiral Rojestvensky has succeeded in establishing a naval base. On the other hand it is pointed out here that the position of the fleet May 16 in latitude 13.30 and longitude 11.30, indicated that it might have been decided to follow a course north of Luzon in the Pacific instead of going through the Straits of Formosa, where Admiral Togo is believed to be awaiting Admiral Rojestvensky.

CAPTURED BY JAPS.

Occupy Yandi Pass, but Repulsed in
Two Other Undertakings.

St. Petersburg, May 20.—A dispatch from General Linnevitch, dated May 18, says: A small detachment of the enemy May 16 occupied Yandi Pass in front of the armies. The Japanese also attempted to occupy Shahotze, but were repulsed and retired southward. The same day the Japanese approached Honukhu, about six miles south of Taul, but were forced to retire.

EVANGELICAL WORK.

Heads of Non-Orthodox Religions Are
Making Preparations.

St. Petersburg, May 20.—Under the grant of religious freedom heads of the non-orthodox religions are making preparations for evangelical work. Last Sunday the Orthodox Russians action of Labor expects to renew his can church, an act which heretofore would have subjected not only the communicants, but the pastor of the church, to severe penalties. Thirty Hebrews of St. Petersburg, who had become Orthodox, have formally applied for permission to return to their ancient faith.

Date For Council of People.

St. Petersburg, May 20.—According to the Novoe Vremya Emperor Nicholas signaled his birthday by signing a manifesto fixing the date for the convocation of the Hemcky Sovyet, or council of the people, for Oct. 17, making his action known to his ministers when they met at Tsarkoe-Selo to present their felicitations.

McComas to Be a Justice.

Washington, May 20.—Justice Martin F. Morris of the District of Columbia court of appeals having indicated to the president his intention soon to retire, the latter has announced that he will appoint former Senator Louis E. McComas of Maryland as Justice Morris' successor.

HOW GERM DISEASES START

People with Weak Stomachs in a Continual State of Danger.

Nearly all disease germs that find lodgment in the system gain entrance with the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with a weak stomach are in a continual state of danger, and they should use the best means, Mi-o-na, to strengthen that organ and tone up the whole digestive system. This remedy is a certain cure for all diseases of the stomach excepting cancer. Used before each meal, it so strengthens the whole digestive system that you can eat what you want and all you want without fear of indigestion. There will be no fermentation of food, and the stomach and intestines will be so clean and pure that disease germs cannot possibly live, when Mi-o-na is used.

If you suffer with headache, backache, variable appetite, nausea, gnawing at the pit of the stomach, sallow skin, heart-burn, furred-tongue, sleeplessness and general debility, it shows that the stomach has been overworked and weakened. A fifty cent box of Mi-o-na tablets will give quick and speedy relief.

Ask E. J. Jenkins, one of the most reliable druggists in Bryan, to show you the strong guarantee under which he sells Mi-o-na.

THREE INDICTED.

Officers of the Abilene National Bank Must Answer Charges.

Dallas, May 20.—J. G. Lowdon, Otto W. Steffens and W. J. Thompson, president, vice president and cashier, respectively, of the American National bank of Abilene, Tex., were indicted in this city by a special Federal grand jury. Messrs. Lowdon and Steffens are indicted in the same bill of indictment. They are charged with the violation of Sec. 5269 of the revised Federal statutes, with the offense of embezzlement, abstraction and misapplication of \$145,000 of the bank's moneys, funds and credits. They are also charged with making false reports to the comptroller of the currency.

Mr. Thompson, the cashier, is indicted in a separate indictment. It charges him with making a false entry in a book of the bank to deceive any bank examiner that might be appointed to examine into the condition of the bank.

The joint indictment against J. G. Lowdon and Otto W. Steffens contains about 12,000 words and has twenty counts. One count is that they abstracted moneys of the bank to use in cotton speculation and sets out the names of M. H. Thomas & Co. and E. G. Scales & Co. of Dallas, Tex., and H. & B. Beer of New Orleans, La., as those of the firms through which the speculations were carried on.

Another count is that they used the paper of the Daugherty Cattle company and of the Black Mountain Cattle company with the bank for the purpose of abstracting large sums of money.

Messrs. Lowdon and Steffens gave bond in \$7500 and W. J. Thompson in \$1000 before Judge Meek in this city Saturday.

BACK AND NECK BROKEN.

Negro Boy Whirled to Death in Shaft of a Printing Press.

Texarkana, May 20.—Buster Johnson, a twelve-year-old negro boy employed at the Daily Courier office, got caught in the shafting of the printing press while picking up papers and was killed. He was whirled over repeatedly with the shaft and his back and neck both were broken.

YOAKUM'S SYSTEM.

It is to Be Extended From Matamoros, Mex., to Tampico.

Corpus Christi, May 20.—It is an established fact that Mr. Yoakum's great railway system will be extended from Matamoros, Mex., to Tampico. The Gulf Coast line will thus have a direct road to the City of Mexico, and the building or the track into this place gives Corpus Christi invaluable north and south connections and a straight outlets to all points in Mexico.

Gambling Devices Burned.

Dallas, May 20.—On the vacant lot east of the Oriental hotel three wagonloads of gambling devices surrendered by proprietors of establishments pleading guilty to maintaining games of chance and agreeing after paying each \$500 and costs to discontinue such business, were burned up. A large gathering witnessed the bonfire.

At an End.

Waco, May 20.—The Texas Christian missionary convention, has ended. Among the closing addresses were the following: Dr. E. V. Zollars, "The Church and the University," F. M. Raines, "The Purpose and Promise of God," A. F. Sanderson, "What Christ Expects of Us," J. T. Ogle, "The Assured Success of Foreign Missions," E. E. Paris, "The Grounds of Missionary obligations," Guy Inman, "I Am Saved—Next Duty," Frank Marshall.

Evidence of Value.

San Antonio, May 20.—As a result of his interview with Governor Lanham, Attorney General Davidson and State purchasing agent, Assistant United States District Attorney Cresson thinks that he has evidence which will be of value to the Federal grand jury, now in session at Chicago investigating the beef trust.

EXPRESS MANAGERS.

With Them Rests the Possible Settlement of the Strike.

Chicago, May 20.—With the managers of the express companies resident at New York rested Saturday the possible settlement of the teamsters' strike. Teamsters' executive committee said strike would not be called off unless something was done for the express drivers. Local managers referred matter to headquarters at New York.

NEW TOWN ON MAP.

Over Three Hundred Lots Disposed of in One Day.

Shawnee, Okla., May 20.—Hotulkee is the latest town to apply for map-hood in Oklahoma. The townsites bearing that name is about twelve miles southeast of Shawnee, on the Missouri, Kansas and Texas railway, and was opened up Friday with an auction sale of lots. The sale, which had been advertised by both the townsites company and the railway immigration agent, proved a success, over 300 lots being sold.

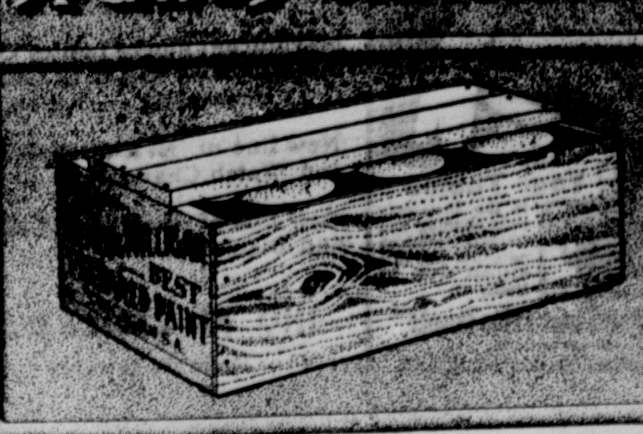

Nine-tenths of the lots were knocked down to Missouri and Kansas investors. The attendance was large and the bidding spirited.

Statement Must Accompany.

Muskogee, May 20.—Secretary Hitchcock holds that hereafter all applications for the removal of restrictions from citizens of the Choctaw and Chickasaw nations must be accompanied by a statement as to whether a deed from the tribal authority has been given the applicant. If he has received a deed from the governor of his tribe his application for removal of restrictions will not be considered until the deed is submitted to Secretary Hitchcock for approval.

Early Risers

THE FAMOUS LITTLE PILLS.

For quick relief from Biliousness, Sick Headache, Torpid Liver, Jaundice, Dizziness, and all troubles arising from an inactive or sluggish liver, DeWitt's Little Early Risers are unequalled.

They act promptly and never gripe. They are so dainty that it is a pleasure to take them. One to two act as a mild laxative; two or four act as a pleasant and effective cathartic. They are purely vegetable and absolutely harmless. They tonic the liver.

SOCIAL
and Club Matters

Wednesday evening the home of Mr. and Mrs. J. F. Parks Sr. was the scene of a charming reception tendered to Mr. and Mrs. Joseph Floyd Parks Jr., who were recently married in Sherman and arrived in Bryan Wednesday for a visit, after a pleasant trip to St. Louis. Everywhere in the receiving rooms were the sweetest offerings of the spring season—roses, carnations, nasturtiums, daisies and poppies. On the cool and inviting lawn chairs and settees were arranged, and a Mexican orchestra afforded a program of well chosen musical numbers. The receiving party included the host and hostess and Mr. and Mrs. E. F. Parks in the hall, Miss Parks, Mr. and Mrs. John A. Moore, Mr. and Mrs. Joseph Floyd Parks Jr., Miss Price of Lampasas, Miss Leila Suber and Mr. S. W. Dunlap, who greeted the guests in the parlor. Congratulations were mingled with introductions and greetings, and many were the good wishes showered upon the young couple by admiring friends. With many it was the pleasure of renewing acquaintance with the bride, who as Miss Largent, was the guest of her friend and schoolmate, Miss Parks; two years ago. The winsome bride won all hearts immediately by her unaffected grace and sincere cordiality. Passing into the rear hall, a brimming cut glass bowl of punch was disclosed, presided over by Misses Nonie Adams and Jessie Garth, who gave cherry greetings with each proffered glass. Upon a table in the dining room a pretty wedding souvenir book received the autograph of each guest under the supervision of Miss Ethel Cavitt. When time keeps pace with happiness moments are ever swift winged, and soon after the serving of refreshments—ice cream and angel food—the guests took leave with many expressions of pleasure.

The lovely home of Dr. and Mrs. J. W. Howell was hospitably thrown open on Friday night for a reception to the officers and members of company "A," A. and M. corps of cadets, Captain Street, commanding. Miss Jennie Howell, the hostess, is the popular sponsor of this company. The parlors, hall and dining room were all beautiful and sweet with spring blossoms. The dining room was especially attractive; red and white bells (the college colors) were suspended from the chandelier and a large mirror with a cut glass vase, the gift of the company last year, surrounded by red roses and red candles, formed the handsome centerpiece for the table. The guests were welcomed and given the most cordial greeting by Miss Howell and the receiving party, composed of the following: Capt. Gus. Street, Lieutenants Woodall, Menier and Glass; Misses Howell, Thomas, Emily Thomas, Ethel Cavitt, Sadie Cavitt, and Fannie Fountain. The punch bowl, surrounded by nasturtiums, was presided over very gracefully by Misses Pauline Webb, Lucile and Louise Batte. The couples occupied the chairs and settees on the lawn, galleries and in the parlors, and under the influence of delightful music and a mellow moon, had a most delightful time. A salad course and ice cream and cake were the refreshments. About fifty couples were present. Miss Howell is a charming entertainer and omits no detail of arrangement and attention which would add to the pleasures of her guests.

One of the most charming social affairs of the week was a dance given Thursday evening by their charming sponsor, Miss Sadie Cavitt, to the officers and members of Company "B," A. and M. corps of cadets, Capt. D. E. Pendleton commanding. Miss Cavitt asked to receive with her the Bachelor Girls and the sponsors of the other companies of the corps; and her mother, Mrs. J. W. Cavitt, and aunt, Mrs. Beulah Cavitt, were the chaperones. The armory was resplendent with military decorations, the red and white of the A. and M. being everywhere predominant, arms stacked and flags and streamers mingled in a maze of color with festoons of evergreens. In one corner beneath a huge Japanese umbrella, lighted with Japanese lanterns, was the punch bowl, embedded in red roses and white cape jassamines, and presided over by Misses Sadie Mawhinney and Louise Harris. Another corner was cozily arranged with chairs, settees, rockers and rugs, with vases of flowers, and exceedingly popular during the intermissions. Pretty red and white programs were provided and the grand march was led by Miss Cavitt and Captain Pendleton. A Mexican orchestra supplied excellent music. Red and white cream and cake, carrying out the color scheme, were served. The dance proved to be one of the prettiest and most delightful given in Bryan for a long time, of which fact Miss Cavitt was unanimously assured by her guests.

Misses Ruby and Vivian James entertained the Bachelorettes Friday afternoon from four to seven, at the home of their parents, Mr. and Mrs. W. T. James, with a most charming forty-two party. The lovely rooms presented a most beautiful effect in their decorations of spring flowers. As the guests arrived they were met in the hall by the fair hostesses and their mother, Mrs. James. On this occasion there were twelve enthusiastic devotees grouped about the three tables, and at the signal given, general chit-chat was changed into converse pertaining solely to the merits of this pleasurable diversion, forty-two. The score cards were in the shape of books, being red trimmed in gilt. As each game was won a letter was placed on the book, and when the last game was played it was found that several had all the letters spelling "Lucile," this being the title of

the book used as the score card. The first prize, a beautiful volume of "Lucile," was awarded to Miss Irma Harris, while Miss Louise Harris was consoled with an A B C book. Misses Ruby and Vivian James, always ready to make every moment pleasant for their guests, had prepared a guessing contest, the questions to be answered by names of familiar authors. When the papers were examined it was found that Miss Ray Montgomery was the fortunate one, and she was presented with an embroidery collar. The booby fell to Miss Nannie Lou Betts, being pictures of the different authors used in answering the questions, tied with red ribbon. Nut cream and wafers were served. The club meets next week with Miss Alma Robinson.

EQUITABLE MUDDLE.

President Requested to Take Cognizance of the Situation.

New York, May 20.—President Roosevelt has been requested to take cognizance of the situation being brought about by the Equitable Life Assurance Society trouble and to institute a national investigation of the insurance business as it is now conducted. Inquiry into beef trust and Standard oil are quoted as precedents. This request was made by W. F. King, former president of the Merchants' association of this city, who has written the president as a policy holder in several companies asking that such investigation be made under the interstate commerce law. Should this course be deemed not practicable Mr. King asks the president to appoint a national commission on lines of the coal commission, that settled the anthracite strike, and make inquiry and report.

Most charmingly did Misses Mary and Maggie Pitts entertain the Bachelor Girls Club Thursday afternoon at the home of Mrs. F. A. Lee. With due appreciation of the delightful afternoon, the guests were daintily gowned and all entered at once into the genial chatter with those around them until 4-30 when all ceased the pleasant conversation and commenced playing forty-two. After many pleasant and exciting games, it was found that Miss Arrie Cole had won the most games among the club members, and she was presented with a beautiful stick pin, it being a cross set in pearls. Miss Ethel Cavitt was the most fortunate guest present and received a silver hat pin. Miss Emily Thomas received the booby, a stick of red candy. The interior of this home was strictly in accordance with the advent of spring, and was literally a mass of nasturtiums, roses, daisies and magnolias. As there are only two more meetings of this club, the members regret exceedingly that it will be several months before they can be guests of these charming young ladies again. Banana cream and cake were served. The next meeting of the club will be with Miss Edith Rhodes, Wednesday afternoon.

The Kala Kinasis Club of College gave another of their charming dances at the mess hall last night—this one complimentary to the victorious A. and M. base ball team which has had a remarkably successful season and is the pride of the corps. The K. K. club is composed of twenty-four popular cadets who have contributed largely to the social pleasures of their Bryan and College friends during the year. The dance was a success in every particular, and a number of the Bryan young ladies were present. Following are the members of the K. K. Club: Henry B. Farmer, president; Ashley F. Wilson, vice-president; Robert L. Burney, secretary and treasurer; T. C. Born, M. S. Church, E. J. Foster, H. E. Hanna, J. W. Maxwell, W. R. Orr, D. E. Pendleton, G. C. Street, W. H. Trefry, J. E. Wickes, A. E. Becker, R. H. Burton, P. L. Downs, O. L. Forsgard, G. T. Haltom, J. W. Loving, M. F. Mayer, J. B. Parish, W. A. Price, V. H. Stubbs, J. S. Welboan.

The regular weekly meeting of the Embroidery Club was held with Mrs. W. H. Oliver last Tuesday afternoon at 4 o'clock. To say that Mrs. Oliver was hostess means much to those privileged, for she possesses an envied reputation for her charming manner of entertaining. The beautiful home bore evidences of taste in its spring-like appearance, lovely cut flowers greeting one everywhere. All the ladies were in their happiest mood, responding to the glad welcome extended them. Some of the guests played forty-two in the dining room, while in the parlor others played five hundred. At a suitable hour Mrs. Oliver served sandwiches, olives, tomatoes with mayonnaise dressing, and iced tea. The club holds its last meeting Tuesday afternoon with Miss Ethel Cavitt.

Wednesday afternoon and evening was most pleasantly spent by a merry party at the Fin-Feather Club lake, including Mr. and Mrs. R. T. Boyle, Mr. and Mrs. Fred Pryor, Miss Irene Keeling and Mr. Ralph Risser of Ballinger, Miss Pearl Herndon and Mr. John M. Wilson. Fishing, boating and a dinner at the club house were the features.

An item which escaped the society reporter last week was an informal reception at the home of Prof. and Mrs. Horace South on Saturday evening, tendered by the Allen Academy base ball team to the visiting team of the Corsicana high school. A merry party of young people were present and thoroughly enjoyed the evening.

Delightful teas were given the past week as church benefits. Mrs. F. D. Perkins, assisted by her mother, Mrs. O. H. Astin, served tea Friday afternoon for the benefit of St. Andrews Episcopal church, and the Methodist ladies gave a tea the same afternoon at the home of Mrs. I. F. Betts. Nice sums were realized.
